EDUCATION

New York City College of Technology
– Graduated June 2019
Bachelor of Technology

EXPERIENCE

General Assembly - Boston, MA - Software Engineering Immersive

Sept. 2019 – Dec. 2019

- 12-week immersive course that teaches full-stack web development
- Built front and back-end applications individually and in a team

Pokémon

An app where a user can create their very own Pokémon and view their creation on a similar-looking pokédex.

Technologies used: React, CSS, Bootstrap, Express, MongoDB, Mongoose and Heroku.

Link to repository: <https://github.com/Nancy4510/pokemon-client>

Tech Blog

A team project where four of us created a blog for technology. Users can create and view posts and comment on them as well.

Technologies used: HTML, CSS/SASS, JavaScript, jQuery, Handlebars, Bootstrap, Express, MongoDB, Mongoose, and Heroku.

Link to repository: <https://github.com/tech-blog-project/tech-blog-client>

Help Desk Support

A tech support app where a user can create a ticket if they are experiencing an issue with their computer.

Technologies used: HTML, CSS, JavaScript, jQuery, Bootstrap, Ruby, Ruby on Rails, PostgreSQL and Heroku. Link to repository:

https://github.com/Nancy4510/project2_client

Tic-Tac-Toe

A single-page application of the classic Tic-Tac-Toe game made for everyone to play!

Technologies used: HTML, CSS, JavaScript, jQuery, and Bootstrap.

Link to repository: <https://github.com/Nancy4510/SEI-TicTacToe-Project>

General Assembly - New York, NY – Front-End Web Development

April, 2019 – June, 2019

- A 10-week course that introduced the basics of HTML, CSS, and JavaScript.
- Learned to make responsive webpages
- Learned to make interactive webpages by using JavaScript and jQuery

New York City College of Technology - New York, NY - WordPress Intern

Feb. 2019 – May 2019

- Redesigned two websites from scratch using WordPress
- Used design thinking process to redesigned the websites
- Worked with plugins and conducted usability testing for both websites

Woofs 'n Whiskers - New York, NY - Customer Service Representative

Feb. 2014 – Aug. 2019

- Handled questions regarding different services offered and pricing
- Created reservations for clients
- Maintained and confirmed all data on file
- Processed payments and retail sales
